Did you know...

It's back to school time in Missouri, but not all public schools have to start on the same date. The law, effective August 2019, states each school district may set its opening date "no earlier than 14 calendar days prior to the first Monday in September". (revisor.mo.gov)

Across the country public schools open anywhere from late July to early September. Here are a few examples: (google.com)

- California: between July 31 - August 30
- Florida: between August 10 - August 17
- Georgia: between July 28 - August 10
- Illinois: between August 16 - August 21
- Minnesota: September 5
- New York: September 7
- Texas: between August 15 - August 26

So, do YOU know what year the following schools open in the 63123 community?
Affton, Bayless, Cor Jesu and Lutheran South

COMMUNITY HAPPENINGS

ACIA (Affton Community Improvement Association)

This month at the July meeting the guest speaker was Missouri State Senator Doug Beck.

Senator Beck took us through some of the bills that were presented in the legislature. This year it was very quiet on the floor, as only a few bills were passed. He also spoke about things that would be pursued during the next session of congress.

Missouri Senator Doug Beck

During the updates portion of the meeting we learned the crime rate was down in our area both in property crimes, down 15 percent and person to person crimes, down 13 percent. The home for the Affton Police Station is coming right along as it is scheduled to open in January 2024.

Our next meeting is Thursday, August 24 - 11 am. Affton Fire Station. Guest speakers will be Lisa Clancey and Ernie Trakas.

To receive a copy of the minutes from previous meetings contact Peggy Keilholz at ologyfam@att.net

Thank you to all Affton Firefighters

This month I would like to give a shout out to your Affton Firefighters.

On July 12, during a terrible thunderstorm in one 24-hour period, the Affton Firefighters/Paramedics in their two fire engines and two ambulances responded to 67 calls for help.

That storm was brutal and with the help of our neighboring Fire Departments/Districts we responded to every call. Countless wires were down and trees were caught in wires, but when a house fire comes in, everything changes.

Thanks to our dispatchers at CCE Central Dispatch 911 when that happened, calls were reprioritized the closest six engines went and within just minutes, an Affton pumper was in front of that house and begin to take care of it.

Thanks to our Assistant Chief and Battalion Chief who left their families and homes when the storm hit to come help as well.

Stay cool, stay safe,
Nick Fahs - Chief of Fire and EMS Services

Affton Southwest Precinct updates

Hello, from the personnel of the Affton Southwest Precinct! We hope everyone is staying safe and enjoying the wonderful summer season.

The calendar just turned over to August, which means schools are about to go back into session. We want to discuss a few driving safety tips, including sharing the roadway with busses/pedestrians and driving in school zones. A few precautions go a long way toward keeping our children safe. According to research by the National Safety Council, most of the children across our country who lose their lives in bus-related incidents are four to seven years old. They are walking and either get struck by the bus, or by a motorist illegally passing a stopped bus.

If you are driving behind a bus, please allow a larger following distance than if you were driving behind a car. This will give you more time to stop once the yellow lights start flashing if a bus is making a stop. The most dangerous area for children is 10 feet around a school bus. Please stop far enough back to allow them space to safely enter and exit the bus. Remember, it is illegal in all 50 states to pass a school bus that is stopped to load or unload children. If the STOP arm is extended—traffic must stop. Take extra care to look out for children in school zones, near playgrounds and parks, and in all residential areas. In a school zone when flashers are blinking, stop and yield to pedestrians crossing the crosswalk or intersection. Please be alert because children are often unpredictable.

As always, we strongly encourage any interested residents to partner with us and attend our Neighborhood Watch Meetings. Please contact the Neighborhood Policing Office when your neighborhood or subdivision is hosting a meeting so an officer can attend and answer your question.

Just a reminder our Department now has an online "Community Crime Lead Portal" on our website at www.stlouiscountypolice.com. Once you go to our website, scroll down to the bottom of the page and click on the portal. It will take you to a page where you can report any type of information or crime tip. It will automatically go to the Precinct you live in. You can stay anonymous or leave your contact information for officers to follow up with you. Here is the exact link to the portal: <http://stlouiscountypolice.com/resources-services/community-crime-lead-portal/>.

Stay safe and please contact us if you need anything!

At least one board member attained the Master level of certification.

At least a quorum of the board and the superintendent attended the 2022 MSBA Annual Conference and a regional meeting during the past year.

A representative attended the 2023 MSBA Advocacy Day.

A board member representative participated in MSBA's Delegate Assembly.

BHS Math Teacher Sarah Olson named a St. Louis Regional Teacher of the Year

Best. Team. Ever.

Bayless High School Math Teacher Sarah Olson is having a great summer. She was named BSD's teacher of the year in April, and in July she was named one of the St. Louis Regional Teachers of the Year. She is now applying for State Teacher of the Year. Congratulations Sarah!

It has been a summer full of construction projects at Bayless. Bayless Field is getting a new turf surface. During the floods that hit the area on Mother's Day, various spots on the Bayless campus were inundated with water. The main damage was done when the water pushed under the turf, pulling at the seams and damaging the rock base.

The new field is moving along quickly, paid for by Bayless's insurance providers.
